# LAKWOOD *Athletic* BOOSTERS

On behalf of the Lakewood Athletic Boosters Board and **Night at the Races Committee**, I want to express my deepest gratitude for your incredible support and participation in our annual **Night at the Races Fundraiser**. This event has become an annual tradition and we hope you all have fun tonight!

This year, your generosity is making an even greater impact as we work toward our goal of **raising funds for a new and improved weight room**. With over **1,200 student-athletes in grades 7-12**, having access to updated strength and conditioning facilities is essential for their development, safety & success. Your contributions tonight bring us one step closer to making this vision a reality!

To our **dedicated volunteers** - your tireless efforts do not go unnoticed! Your commitment is the backbone of this event and every Boosters initiative throughout the year. Thanks to you, we've logged nearly **1,700 volunteer hours** at the concessions stands during the fall & winter seasons – resulting in nearly **\$17,000 of funds** being added to Team Funds so far this school year! A special thank you to the **Night at the Races Committee: Alina Sandoval, Beth McAlvey, Brittany O'Connor, Cathy Frantz, Katie Potoczak and Mary Beth Moore** – for making this event possible. Your hard work and dedication are truly inspiring. A special thank you to **Angela Hammersmith of Hammersmith Designs** for her incredible design work on the ads and program!

To our **parents, donors & coaches** – thank you for your continued support of the Lakewood Athletic Boosters. Your involvement not only helps us reach our financial goals but also strengthens the sense of community that makes Lakewood so special. Together, we're building something bigger and better for our athletes, and we can't wait to see the impact this new weight room will have on our programs. We look forward to seeing you at future events and continuing this tradition together!

# WELCOME TO

THE 20TH ANNUAL

# LAKEWOOD ATHLETIC BOOSTERS *Night at the Races*

Tonight, we gather to celebrate the student athletes who call Lakewood home. As they practice and compete, they cultivate teamwork, mental toughness, leadership and a strong work ethic— traits that translate positively into a life of engaged citizenship and gainful employment. Since we last met, our Rangers have won conference titles in Baseball and most recently, Boys Basketball. We've had numerous athletes compete in State Meets, highlighted by Kaydence Doxley's 2nd place finish (via a tiebreaker) in the long jump, Charlie Payne's 6th place finish in the 1600 and Zayna Muntaser's 4th straight appearance in the State Wrestling Meet. They all performed well in front of large crowds in Columbus.

But hardly anyone is watching when our cross-country runners log hundreds of miles year-round to prepare for the meets. No one watches when the football team is lifting on Saturday morning. No one is watching when our swimmers—at 6:30 am—are swimming thousands of yards just a shave a few tenths off their times. As in most endeavors, the real work happens before the “event”—in the shadows. The losses, wins and awards ceremonies are merely the last steps on a long journey. A journey that inevitably means, for any sport, hour upon hour in the weight room.

Here is some GREAT news on that front! We now have an outstanding certified Strength and Conditioning Coach that works with all 800 plus LHS athletes, 23 teams and a growing number of middle school athletes, tailoring workouts to meet their specific needs. Mr. James Gajewski (LHS '10) was captain of our football team, District Champion in the 300 hurdles, and a fine-all around student. After years of patchwork strength and conditioning, we now have a state-of-the art training program overseen by a certified strength coach.

Next up, a state-of-the-art weight room revamp, which is where you come in. Up until now, our weight room has been functional, but has become increasingly antiquated as we learn more about the science of effective weight training. The Athletic Boosters have led the way in both advocacy and funding for this endeavor because, above all, we simply want all of our student athletes to have every opportunity to succeed. They do the lifting, sweating and grueling 6:30 am workouts—we provide the opportunity to get better by raising funds, buying gear and now updating the weight room.

We are an essential part of the magic of community-based sports, the only occasion in which teams are truly organic, where athletes play largely with their childhood friends, where lifetime bonds are made between players, coaches, parents and classmates. Take a look around the room, and you will see that the students from 44107 have a great community behind them. Hardly anyone outside of our community is “looking” in, but of course that just means we are all the more vital to the journey.

*Long Live Lakewood.  
—Dr. G*

# PEOPLE-POWERED PROGRESSION

The purpose of strength and conditioning and the role of Director of Sports Performance is to reduce the risk of injury and enhance the athletic performance of our student athletes. There are many factors that affect the ability to be an effective strength and conditioning coach: availability of time, space, equipment, etc. In a constraints-based system, there are limited options to create the physiological adaptations required for athletes to thrive in their respective environments.

Our program needs to mimic the stressors of competition. The stressors created need to be scalable, repeatable, periodized, and above all else, safe. New equipment in the weight room allows for training that best suits athletes of all levels and abilities. This renovation will provide a more efficient flow that increases the number of participating athletes, a wider range of exercise selections, and will empower the sports performance staff to more accurately replicate the demands of practice and competition. An investment in this project is an investment in every Lakewood High School athlete now and for many years to come.

That being said, you win with people. This doesn't happen without the support of the Lakewood City School District administration, the Lakewood Athletic Boosters, the Athletic Department, our coaches and sports medicine staff, our alumni and parents, and most of all you. Thank you for your continued support and belief in this program.
